# Town of Shandaken Ambulance Service

**"Committed to Care in the Heart of the Catskills"**

## September 2021 Report

**TOTAL CALLS RECEIVED - 43**

**MUTUAL AID GIVEN- 4 ( 2 tn / Olive, 1 tn / Woodstock, 1 tn / Lexington**

**MUTUAL AID RECEIVED – 1**

Yet again, call volume for September was incredibly high- and for much of the same type of calls that have been taxing our Emergency Medical system as of late. As many Townspeople are already aware, we had yet another injured hiker in the high peak trails that required a helicopter hoist. Thankfully, no responders were injured during the risky 6-plus hour rescue, and the patient was transported with non- life threatening injuries. Yet again still, our resources were spread thin amongst all Emergency Services during this rescue on a historically high call volume weekend, and there is a definitive cost associated with these calls that directly impacts all agencies' budgets for equipment and personnel services. Stakeholders involved in these rescues have been contacted for further discussion, and it is with high hopes that some sort of cost recovery solution for the utilization of Town services on these calls can be found.

Another troubling issue currently affecting the areas surrounding Shandaken (and nationwide, honestly) is the ability for Advanced Life Support (Paramedic) units to respond to critical emergency calls. Our mutual aid given number attests to this. In the past, commercial ambulance service providers ( ala Mobile Life, EMStar ) had been able to respond with a Paramedic to these calls in surrounding Towns to supplement existing Basic Life Support (EMT level) EMS staff with Paramedic level care through contractual agreements. Due to staffing shortages, high call volume in population centers, longer hospital wait times, and overall increased time on task for calls to service, these resources hardly exist anymore- and are more so dwindling. Currently within our own County there are agencies, and even Townships prioritizing this issue- attempting to do what Shandaken chose to accomplish more than 25 years ago.

Fortunately, the Town of Shandaken has had these resources in place 24/7 as an operationally self-sustaining entity with very few exceptions. Other Townships in our area have called us when literally NO ONE ELSE CAN RESPOND TO HELP. As our primary mission is to provide the highest level of emergency medical care to the Town of Shandaken, we currently only fill requests to other Townships if sufficient backup personnel are available for duty. This could be (and often is) the Chief/ Deputy Chief, or an off duty Paramedic. As these calls for service from Shandaken Paramedics have increased, stakeholders involved in these calls for service have also been contacted for further discussion- with high hopes that cost recovery can be found as well.

COVID UPDATE- As of 10/1, there are 284 active cases of COVID in Ulster County. There is one active case in the Town of Shandaken at this time. Total cumulative cases in the Town since the beginning of the pandemic have reached 130, with 129 recovered. We still have had no fatalities. Total cumulative cases in the County have reached 18,299, with 284 active cases, and 280 fatalities. 17,735 cases have successfully recovered.

Stay safe out there,

*Richard Muellerleile*

Chief of Department, Shandaken Ambulance
