In making such determination the board shall also consider:

Each of the five listed criteria must be answered by the applicant with a narrative.

1. Whether an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of the area variance:

NO

2. Whether the benefit sought by the applicant can be achieved by some method, feasible for the applicant to pursue, other than an area variance:

No

3. Whether the requested area variance is substantial:

STUDIO 7 feet in front

4 feet in back

4. Whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district:

Any supporting documents should be submitted as a part of the application to the Zoning Board of Appeals.

At least 10 days prior the Zoning Board of Appeals meeting the following will be submitted to the Zoning Office:

1. Six (6) copies of the application and all supporting documents

4. Application fee: \$100, plus \$50 for any additional area variances within the same application.
